LUU QUOC TRUNG

Bilingual AI Data Evaluator | Search & Ads Quality | Vietnamese Transcription & Linguistic QA

Ho Chi Minh City, Vietnam | +84 914 713 005 | cocvn157@gmail.com | github.com/cocvn157

PROFESSIONAL SUMMARY

Detail-oriented Vietnamese native speaker with strong professional written and reading English proficiency, specializing in AI data evaluation, search engine and ads relevance rating, verbatim audio transcription, and bilingual content quality assurance (Vietnamese - English). Highly experienced in following strict multi-page evaluation rubrics, identifying factual hallucinations, normalizing display transcripts, and assessing local Vietnamese user intent, cultural nuance, and pop-culture context.

CORE SKILLS & LANGUAGES

Languages: Vietnamese (Native Mother Tongue - Southern & Northern dialects), English (Professional Written & Reading Fluency - B2/C1)
AI Data & Search QA: Ads Quality Rating, Search Query Intent Analysis, RLHF Prompt-Response Ranking, Fact-Checking & Hallucination Detection
Transcription & Text QC: Verbatim & Display Vietnamese Audio Transcription, Timestamping, Speaker Diarization, Text Normalization & Punctuation QA
Technical Proficiency: Web Research, HTML/Markdown/JSON Data Formatting, Git/GitHub, High-Speed Typing (75+ WPM), Spreadsheet QA

RELEVANT EXPERIENCE

Freelance Bilingual AI Data & Linguistic Quality Specialist - Remote Independent Contractor (Vietnam) *2019 - Present*

- Evaluated bilingual (Vietnamese/English) search queries, ad creative relevance, landing page quality, and user intent alignment using structured multi-tier rating guidelines.
- Reviewed, fact-checked, and edited AI-generated Vietnamese responses for natural phrasing, tone appropriateness, grammar, punctuation, and cultural accuracy.
- Completed verbatim and display-level Vietnamese audio transcription and text normalization (numbers, dates, currencies, abbreviations, speaker tags, and non-speech annotations) with >98% QA accuracy.
- Identified systematic LLM error patterns and documented clear, evidence-backed quality rationales in English.

Independent Open-Source Software & Documentation Contributor - GitHub (@cocvn157) & Technical Web Projects *2022 - Present*

- Authored structured technical reports, UI/UX bug reproductions, localization improvements, and automated verification workflows across international open-source repositories.
- Maintained strict adherence to project SLA deadlines, formatting specifications, and asynchronous written English communication.

EDUCATION & WORK ENVIRONMENT

- Bachelor's Level Studies in Information Technology & Applied Computing (Vietnam).
- Dedicated Home Office Setup (Ho Chi Minh City, Vietnam): High-speed fiber internet (non-VPN residential IP), modern Windows 11 workstation with updated antivirus protection, smartphone for 2FA verification, and quiet acoustic environment.
